EXPERIENCE

Relax Mode-Next Gen Beauty Platform Jr. Figma Designer

July 2025 – Present

- Designed intuitive and visually engaging UI for mobile applications including Relax Mode and Relax Mode Salon App.
- Created wireframes, high-fidelity mockups, and interactive prototypes in Figma for both mobile and web platforms.
- Designed complete UI for the official website (relaxmode.in), SaaS-based platform (saas.relaxmode.in), and healthcare website (aarogyafirst.com).
- Developed structured user flows, journey maps, and seamless navigation systems to enhance user experience.
- Built and maintained consistent design systems including reusable components, typography, color palettes, and layout grids.
- Ensured responsive and adaptive designs across different screen sizes and devices.
- Designed brand identity materials including Logo, Visiting Card, Letterhead, Stamp, and QR Stand.
- Maintained visual consistency across digital products and marketing materials.
- Collaborated closely with developers to ensure accurate and pixel-perfect design implementation.
- Iterated designs based on stakeholder feedback to align with business goals and user needs.

- Trainee Software Developer at Axiom TechGuru Pvt. Ltd., involved in cutting-edge projects, gaining hands-on experience in software development methodologies, and fostering team collaboration.
- Leading the enhancement of Axiom TechGuru's website, implementing innovative features and performance optimizations to elevate online presence.
- Collaborated on UI/UX designs and frontend for Axiom’s VIP (Virtual Internship Program).
- Designed the logo for [villagemart.shop](#), demonstrating branding expertise and creative flair.
- Actively pursuing professional development to stay updated on industry trends and technologies, ensuring continuous growth as a software developer.
- Thrives in dynamic environments, leveraging problem-solving skills to drive project success and overcome challenges.

- Completed a successful internship at AcmeGrade, specializing in Machine Learning with Python.
- Acquired hands-on experience in various machine learning techniques, algorithms, and libraries.
- Contributed to projects focused on data analysis, predictive modeling, and algorithm implementation.
